Senator Diane Feinstein
331 Hart Senate Office Building
Washington, DC 20510

Dear Senator Feinstein,

It is our understanding that the Senate Appropriations Committee will soon hear arguments to terminate the U.S. Election Assistance Commission. We ask that you oppose the termination of the EAC.

Elections are fundamental to a functioning democracy. The value of the EAC far out weights its monetary costs; in fact, the costs of poorly run elections are intolerable.

Please, we ask you to oppose any measure to terminate the EAC.

Sincerely,

Beverly Bean
