

Dear Senator Blakeslee:

The League of Women Voters of California supports a balanced approach to dealing with the state's dire fiscal situation. To bring our fiscal system back to health, both increased revenues and spending cuts will be needed. As constituents in your state senatorial district 15, the LWV of the Monterey Peninsula urges you to work towards placing a measure on a special election ballot to extend current taxes that will otherwise expire soon.

Sincerely,

Dennis Mar
President
League of Women Voters of the Monterey Peninsula
